

WOMAN'S SECTION OF THE BEE

Conducted by Ella Fleishman

MUSIC

By HENRIETTA M. REES.

THE Omaha Woman's club, music department, presents Edith L. Wagoner, pianist, and Robert Cusaden, violinist, in concert at the Y. W. C. A. auditorium, November 26, at 8:15 o'clock. Mrs. Wagoner and Mr. Cusaden are both well known Omaha musicians, and an interesting program is a foregone conclusion. This concert opens a unique series, in which a local organization has actually recognized local musical artists and exploited them, thus offering to all artists who attend, the opportunity of being able to do the same. The following program will be presented:

Plays for Woman's Club Music Department.

Edith Wagoner

Program as follows: In piano, Elizabeth Paterson, Eleanor Baxter, Helen Root, Eleanor Kountze, Helen Jacobs, Katherine Baxter, Madeleine Scott, Marjorie Smith, Mildred Maberry, Marguerite Carnal. In violin, Samuel Carmel, Rose Dubnoff, Olga Eitner, Clara Schneider, and Gladys Mickel. In voice, Nina Dally.

The Tuesday Musical Club will present Olga Samoroff, pianist, at the Brandeis theater on Thursday evening, December 12, at 8:15 o'clock. Owing to confusion several experienced at the last concert, Tuesday Musical club wishes to announce that exchange tickets for the Samoroff recital may be mailed or turned in at the box office of the Brandeis theater on or after November 26, and reservations will be made in the order in which they are received. First come first served. No reservations without exchange tickets. No reservations over the telephone. Reservations and public sale of seats will begin Monday, December 9.

Sergei Rachmaninoff, the Russian composer who has written many of our most interesting pieces besides the "Prelude" in C sharp minor, arrived in America unexpectedly Sunday, November 10, just before the peace celebration. He expects to remain in America, and appear before the public first as a pianist. Rachmaninoff was offered the conductor's stand with the Boston Symphony orchestra, but he declined, as he did not feel that he would have sufficient time to work out the programs in such a manner as he would wish with this organization. He is another of the world-famous musicians who has come to America on account of the unsettled conditions due to the war.

"The movement to make music a regular part of the work of great industrial undertakings is spreading rapidly in the United States," writes the editor of The Etude. "The lack of idealism in 'dollarland,' which used to be the continual taunt of our Teutonic enemies, is constantly belied by facts. One of the large western packing firms—Swift & Co., which has in the United States service at the present time no less than 4,155 former employees, has a large chorus directed by Mr. D. A.

Mrs. Zabriske will play many interesting numbers which will give opportunity for the use of this new stop as well as the many solo stops with which the instrument is so well equipped. She is an indefatigable student, and last summer she went to New York and spent several weeks in organ study with Clifford Demarest, who is not only the warden of the American Guild of Organists, but also one of the best known concert organists of the metropolis. At this recital she will feature a composition by Mr. Demarest, which is a sonata for piano and organ, a most unusual combination. She will be assisted in this number by Edith L. Wagoner, pianist. Mr. George S. Johnston will also assist with a group of songs. Mrs. Zabriske also plans to give other recitals from time to time during the winter.

Madame Galli-Curci will appear here in recital at the Auditorium Friday evening, January 10, as the first number of an all-star concert course. Other numbers of the course will include John McCormack, Friday evening, January 24; Mme. Frances Alda, dramatic soprano with the Metropolitan Opera company of New York, Friday evening, March 7; and Carolina Lazzari, leading contralto with the Chicago Opera company, in joint recital with Rudolph Ganz, pianist, Friday evening, April 25. Seat sale for course tickets opens at the Auditorium box office Monday morning, December 2. Mail orders in advance with check including 10 per cent war tax and stamped self-addressed envelope to Mrs. A. L. Green, 4904 Underwood avenue, will be filled in the order of receipt.

The Junior Musical club opens its sixth year of interesting activity with an Irish recital November 30th at 3 p. m. at the residence of Mrs. J. J. Hanighen, 327 South Thirty-seventh street. This is a club of young people, all of whom study music. They meet on Saturday afternoons one a month. I believe, and enjoy a program given by some of the members. That it has survived for six years is a strong evidence of the interest which attends its meetings. It is of much musical value to its members, and undoubtedly they also have a great deal of pleasure out of it for they are all interested in the same line of work, and as this is work in music, it is in itself a pleasure. Every one envies a beautiful skin just as every one craves a healthy person. Unsightly faces filled with pimples, blackheads, etc., are nothing but unhealthy faces due to blood impurities. Cleanse the blood and the facial blemishes disappear. You must not believe that drugs and salves will stop facial blemishes. The cause is impure blood filled with matter of refuse matter. Stuart's Calcium Wafers cleanse and clear the blood, driving out all poisons and impurities. And you'll never have a good complexion until the blood is clean. No matter how bad your complexion is, Stuart's Calcium Wafers will work wonders with it. You can get these little wonder-wafers at your druggist's for 50 cents a package.

Clippinger. A recent concert given for the military benefit association of Swift & Co. presented a program of which any organization might be proud. John B. Stetson & Co., the well-known hat manufacturers of Philadelphia, have a similar organization, as has the Marshall Field & Co. in Chicago, the Wanamaker stores in Philadelphia and New York, and the Strawbridge & Clothier store. The editor of The Etude does not believe that it would be an exaggeration to say that there were at least 1,000 such organizations in America. In England the number of choruses and bands connected with industries is really enormous.

Musical Notes. The junior piano pupils of Nettie Witt will give a "Victory" program assisted by Alice Horne, violinist (pupil of Isabel Radman), on Saturday evening, November 30, at the Walnut Hill Methodist church, for the benefit of the Nightingale Red Cross auxiliary. The Nightingale Red Cross auxiliary is a children's Red Cross, making things for the Belgians.

The Choir of the North Side Christian church will give a musical service Sunday evening, November 24, at 7:30 p. m., assisted by the West Sisters' String quartet. Miss Jessie Gady is organist, and Mrs. Grace Pool Steinberg is director of music.

The LaSalle Opera company which was to have appeared at the Auditorium during the coming week, has postponed its tour, owing to the "flu" situation in both the east and west, particularly in many of the cities where they had bookings.

RECRUITS FOR THE INDUSTRIAL ARMY.

A part of the home army is the industrial army. It needs recruits, very especially does it need trained recruits. The 1,000 community labor boards are reaching into every section of the country, acting under detailed instructions from the United States Employment Service. The war industries board is offering, in many large cities, war emergency courses in employment management. To these courses employers are invited to send men and women of their own choosing, subject to the approval of the section of employment management. In the beginning 10 per cent of the applicants for these courses were women; now 50 per cent of the students are women.

TELLS OTHERS OF VALUE OF MENTHO-LAXENE.

COLD AND COUGH SYRUP

Mrs. M. Luding, 136 Beacon avenue, Jersey City, N. J., writes: "I find the Mentho-Laxene just fine and would not be without it. It has been in our home for three years, and I hope your Free Health Book is as good as the Mentho-Laxene, etc."

With very little advertising, hundreds of thousands of bottles of Mentho-Laxene are sold every year by druggists, and each year the sales grow larger. Get a 2½-ounce bottle, concentrated, and mix with simple syrup to make a full pint. Directions and guarantee of satisfaction are with each bottle. A pint lasts a long time for the whole family. It is cheaper and better than ready prepared medicines, but easy to mix.—Adv.

SAGE TEA KEEPS YOUR HAIR DARK

It's Grandmother's recipe to bring back color, youthfulness and lustre—Everybody is using it again.

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold. Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully, besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease. Adv.

SAYS SCOURGE OF SPANISH INFLUENZA

May Leave Wrecked Health For Many of Our People.

Recommend Special Tonic to Overcome Ill-Effects.

Medical authorities agree that the after effects of Spanish Influenza and even the ordinary "grip" often leaves the patient in a more or less degree weakened in one or more of the vital organs, such as the lungs, heart, stomach, liver or kidneys.

Pneumonia, chronic bronchitis and tuberculosis find fertile soil in the weakened lungs.

Bright's disease, diabetes, apoplexy, cystitis, etc., often come in later to claim the convalescent patient.

Dyspepsia, weakness, nervousness, malnutrition and kindred ailments are known to be more prevalent after an epidemic of La Grippe. Liver and bowel disorders, too, are inclined to further delay the return of perfect health.

In fact, weeks and months may elapse before complete good health returns to the victims of this dread malady. It is the part of wisdom not to dispense with your physician's services too soon, for in time he will usually advise a good tonic upbuilding medicine that will aid in restoring vigorous digestion and full nutrition. Physicians and the public universally recognize the safe, sane, rejuvenating power that lies in the bitter herbs and barks, such as Calasaya bark, Palmetto root, Damiana, Nux Vomica and also in Iron Peptonate and Phosphide. These drugs represent the main constituents of three grain Cadomene Tablets and as the formula is printed on the label any person should feel that here is no secret done or nostrum, but a genuine beneficial tonic, and such it has proven to thousands, both old and young. Elderly folks especially find permanent strength and improved vitality very quickly. Digestion improves, appetite returns, restful sleep follows and soon a strong, vigorous body and a harmonious nervous system rewards the convalescent. All good druggists supply Cadomene Tablets in sealed tubes with full directions. Show the package to your physician who should at once recognize the noted formula of a specialist.—Adv.
